

PITH OF NEWS FROM THE MIDDLE WEST.

[BY DIRECT WIRE TO THE TIMES.]

CHICAGO, July 20.—[Exclusive Dispatch.] If conditions shown on the weather map hold good, the temperature in Chicago may go higher before Monday than it has registered so far this summer. Today, the heat was mitigated somewhat by an early-morning rain. At daybreak, the minimum of 68 degs. was registered. During the succeeding nine hours, the mercury steadily climbed, until 86 degs. was reached. Middle West temperatures:

PRESIDENT WILL TAKE A HAND.

CONGRESSIONAL CAMPAIGN TO BE CONSIDERED MONDAY.

Speaker Cannon, Chairman Sherman, Secretary Loudenlager and Treasurer McKinley invited to confer with him—Vice-President to speak in Missouri this fall.

[BY THE ASSOCIATED PRESS—A.M.]

OSTER BAY (L. I.) July 20.—Plans for the Republican Congressional campaign are to be formulated at Sagamore Hill Monday. The President has invited Speaker Cannon, Chairman Sherman, Secretary Loudenlager and Treasurer McKinley to a luncheon Monday.

CAMPAIGN IN MISSOURI.

[BY THE ASSOCIATED PRESS—A.M.]

ST. LOUIS, July 20.—Vice-President C. W. Fairbanks, Speaker Joseph G. Cannon and United States Senator William Warner of Missouri will, it is stated, likely take part in the opening of the Republican campaign in this State next fall.

LOUISVILLE WANTS BRYAN.

[BY THE ASSOCIATED PRESS—A.M.]

LOUISVILLE (Ky.) July 20.—William J. Bryan will be given a public reception and welcome home by the Democrats of Louisville and the entire South, soon after the eastern Democrats get through welcoming him.

RAY STATES "BIG GUNS."

[BY THE ASSOCIATED PRESS—P.M.]

BOSTON, July 20.—Former Gov. Bates will preside at the mass Republican convention which will be held in this city Friday, October 5, and Attorney W. P. Moody will be chairman of the Committee on Resolutions. This was decided upon today at a meeting of the Republican State Committee. The action was unanimous. Gov. Curtis Guild, Jr., will be a candidate for renomination at the Republican convention.

MISTAKEN FOR HACK DRIVER.

[BY DIRECT WIRE TO THE TIMES.]

TACOMA (Wash.) July 20.—[Exclusive Dispatch.] Mistaken for a hack driver, United States Senator Jonathan P. Dolliver was treated to a red hot exhortation by Station Master Forsyth, for backing his conveyance up to a platform of the depot. The platform which is exempt from such exhortation and which is protected by a city ordinance.

"I am getting devilish tired telling you fellows to keep your teams out of these," roared Forsyth.

"The next thing you will have it in your hands that you have a license to drive over that flower bed," continued the irate official, pointing to a plan of the station which had been placed on the platform.

Senator Dolliver looked up from under a big slouch hat and quietly responded: "I will see that it does not happen again."

Shouts of laughter rent the air, and the station master resumed his blundering. He was profuse in his apologies, but Senator Dolliver complimented the man on his fidelity to duty, saying: "Mistakes will happen," made him good-day.

HOTEL BEATS CONVICTED.

Renald Thompson of Los Angeles One of Duo Sentenced in New York Court.

[BY DIRECT WIRE TO THE TIMES.]

NEW YORK, July 20.—[Exclusive Dispatch.] Edward E. Egan of Rochester, N. Y., and Renald Thompson of Los Angeles, Cal., were sentenced today in the Court of Special Sessions, on conviction of having swindled the hotel St. Regis out of \$48.

Thompson was sent to the penitentiary for three months, and Egan to the City Prison for thirty days. Thompson said he had been expecting a remittance from Los Angeles, and had taken Egan, whom he had met in Atlantic City, with him to the St. Regis. A house detective of the Waldorf-Astoria said that Thompson, about two weeks ago, had beat that hotel out of \$100.

CANNON CRACKER HIS FINISH.

CHICAGO, July 20.—[Exclusive Dispatch.] George W. Bryson, president of the Chicago, Des Moines and Fox River Railway Company, is dead of lockjaw, at the Mercy Hospital. On the evening of July 4, he was sitting off, smoking a cigar, when he suddenly died. The cause of death was lockjaw. The railway company failed to work, and Bryson picked it up. As he did so, it exploded and several pieces of red paper were driven into his hands. Bryson did not consider the wound serious at first, but several days after it had been dressed, he noticed that it was not healing properly. He had a physician look at the wound again, and it was then that symptoms of tetanus were noticed.

POOR OF SOCORRO SUFFERING BY RAIN.

Several Slight Tremors of Earthquake Felt Yesterday—Cloudburst Brings Greatest Downpour Known In Fifty Years.

[BY DIRECT WIRE TO THE TIMES.]

EL PASO (Tex.) July 20.—[Exclusive Dispatch.] Several more slight tremors were felt at Socorro, N. M., today, but the people of this town believe that the greatest danger is past. The panic-stricken feeling which prevailed has been succeeded by a spirit of partial confidence among the American residents.

The Times correspondent, who reached Socorro, today, reports that more than one hundred tremors have been felt there since July 2, the two most severe shocks being Monday last and July 12.

The male Americans are sleeping out of doors, many having put up tents in the streets, where they cook and eat and sleep.

The greatest damage is in sundried walls, the adobe houses of the Mexicans suffering the worst.

The Knights of Pythias Hall and the

Courthouse are damaged. The First Ward School had the plastering shaken down from nearly all the walls, and the chimneys dropped off.

A heavy rain has added to the discomfort, and distress is reported among the poorer families.

The rain is said to have been the heaviest in fifty years, and amounted almost to a cloudburst.

ESTIMATING THE DAMAGES.

[BY THE ASSOCIATED PRESS—P.M.]

SOCORRO, July 20.—The Associated Press correspondent who reached this city this morning from El Paso finds that the citizens estimate the earthquake loss in Socorro at \$200,000, at the outside.

The damage to the courthouse and the residence of Joseph Price, both reported destroyed, amounts to only a few hundred dollars. Several slight quakes were felt here yesterday. The Colorado Telephone Company's building, reported injured, is not damaged.

MISS THEIR PAPERS AND STONE POLICE.

Wholesale Suppression of Revolutionary Organs in St. Petersburg Resented by Populace—Czar Abandons Proposed Visit to Kaiser.

[BY THE ASSOCIATED PRESS—P.M.]

ST. PETERSBURG, July 20.—The resentment occasioned by the wholesale suppression of newspapers and closing of printing establishments led to disorders this evening. A large crowd stoned the mounted police in the vicinity of Stoenos prospect, and some stones also were thrown at a small detachment of cavalry. Other parties of cavalry soon arrived from all directions. The attitude of the crowd was menacing, and the cavalry twice fired volleys of blank cartridges before the mob dispersed.

As Solzka, the chief editor of the Miasa, is a member of Parliament, Mourmout and Prince Shakhovskoi, respectively president and secretary of the lower house, immediately communicated with the Prefect of Police and demanded the release of Solzka, who was arrested on the charge of having written "The Marseillaise."

A demonstration occurred when the police appeared to seal the printing establishment of the Miasa. The people threw stones and fired rifles. The police were beaten back and fled.

At a late hour tonight the people, after the police patrol had passed, sang "The Marseillaise."

ADDRESS SHELVED.

No further action regarding the proposed address to the people was taken by the lower house of Parliament today. The Constitutional Democratic members apparently sick of the whole episode and anxious to drop the subject if the government is so minded, and there is a disposition to shelve the address by indefinite postponement of the question as to the manner of its publication. Prof. Milukoff and other leaders of the Constitutional Democratic party today carefully pointed out that the document is not technically an appeal directed specifically to the people, but might be considered an "explanation" addressed to nobody in particular, and from this viewpoint, harmless.

PRESTIGE SHAKEN.

There is no question but that the factor has seriously shaken the prestige of the Constitutional Democrats, and the leaders of that party are crestfallen over having been induced to play with such edged tools. Prof. Milukoff, Struve and others admitted frankly today that one effect will be to postpone to the dim future the advent of a Constitutional Democratic ministry, as the vote on the adoption of the address would be against them.

BURN 4000 HOUSES.

[BY THE ASSOCIATED PRESS—P.M.]

SAMARA, July 20.—It is reported that 4000 houses have been burned.

RUSSIA RELEASES ROSENBERG.

ALTONA (Prussia) July 20.—August Rosenberg, formerly of Seattle, who was arrested here July 2 on the charge of being engaged in an anarchist conspiracy, has been released. The judge who investigated the case decided that the testimony against the prisoner was inadequate, and said that no suspicion remained in the minds of the authorities against him.

BANK OPEN TONIGHT.

The Commercial Bank of Los Angeles, 121 South Broadway, in the Chamber of Commerce Building, will be open tonight, as usual, to accommodate the public in general and the oil patrons, 4 per cent. interest paid on savings deposits.

ELECTRIC POWER ON NEW YORK CENTRAL.

[BY DIRECT WIRE TO THE TIMES.]

NEW YORK, July 20.—[Exclusive Dispatch.] In the presence of several officials of the New York Central lines, experimental runs of an electric locomotive and a steel motor car of the types which are to haul freight trains, were made today on the road's suburban lines. The road's suburban lines are complete, and the road is now ready to begin operation.

Complete satisfaction was expressed by the officials who took part in the tests, and it was said the result of exhaustive trials on an eight-mile course at Schenectady had been confirmed at the first trial of an electric locomotive in New York City.

SEATTLE'S ISSUE.

DEADLOCK WITH HARRIMAN.

[BY DIRECT WIRE TO THE TIMES.]

TACOMA (Wash.) July 20.—[Exclusive Dispatch.] The Seattle and Tacoma bridge is deadlocked over the application of Harriman for a franchise into Seattle and across the tide lands on Fourth avenue.

Yesterday J. D. Farrell, personally representing Harriman, entered the quest of the Union Pacific for a franchise on Fourth avenue there, declaring that the Union Pacific would not alter the plans and desires of Harriman's lines.

When he visited Tacoma and Seattle, he was told that the Union Pacific would not build there unless the franchise was obtained. The matter is now in the hands of the Seattle Council.

VANDERBILT-GOULD PACT.

JOINT PITTSBURGH TERMINAL.

[BY DIRECT WIRE TO THE TIMES.]

NEW YORK, July 20.—[Exclusive Dispatch.] After negotiations between government officials and New York Central interests, which have lasted several months, agreements have been entered into between the Wabash and Pittsburgh and Lake Erie railroads, for the joint use of their freight terminals and tracks on the south side of the Monongahela River at Pittsburgh.

The arrangement is somewhat similar to that existing between the New Haven and the New York Central in this city, and what is regarded as of still further importance, it marks the resumption of friendly relations between the Gould and Vanderbilt railroad interests.

The large new passenger station of this city, which is in Pittsburgh proper, is connected with the railway lines by a bridge across the Monongahela. Beyond this bridge, on the south side of the river, are the terminals of the Pittsburgh and Lake Erie, which run to the Smithfield-street bridge. Beyond this bridge is the extensive freight-terminal here, and the Wabash, which heretofore has proved practically inaccessible.

CRUTCHNITT'S TOUR.

NOT CONNECTED WITH DEPOT.

[BY THE ASSOCIATED PRESS—P.M.]

SAN FRANCISCO, July 20.—Julius Krutchnitt, director of operation and maintenance of way of the Harriman line, arrived here today from New York. He denied that he was here in connection with the proposed plans of a new passenger depot, which it is said, the Southern Pacific is contending to build here, and would not discuss the matter.

Krutchnitt stated that he was merely making a tour of inspection.

SEVERAL MONTHS, AGREEMENTS HAVE BEEN ENTERED INTO BETWEEN THE WABASH AND PITTSBURGH AND LAKE ERIE RAILROADS, FOR THE JOINT USE OF THEIR FREIGHT TERMINALS AND TRACKS ON THE SOUTH SIDE OF THE MONONGAHELA RIVER AT PITTSBURGH.

THE ARRANGEMENT IS SOMEWHAT SIMILAR TO THAT EXISTING BETWEEN THE NEW HAVEN AND THE NEW YORK CENTRAL IN THIS CITY, AND WHAT IS REGARDED AS OF STILL FURTHER IMPORTANCE, IT MARKS THE RESUMPTION OF FRIENDLY RELATIONS BETWEEN THE GOULD AND VANDERBILT RAILROAD INTERESTS.

THE LARGE NEW PASSENGER STATION OF THIS CITY, WHICH IS IN PITTSBURGH PROPER, IS CONNECTED WITH THE RAILWAY LINES BY A BRIDGE ACROSS THE MONONGAHELA. BEYOND THIS BRIDGE, ON THE SOUTH SIDE OF THE RIVER, ARE THE TERMINALS OF THE PITTSBURGH AND LAKE ERIE, WHICH RUN TO THE SMITHFIELD-STREET BRIDGE. BEYOND THIS BRIDGE IS THE EXTENSIVE FREIGHT-TERMINAL HERE, AND THE WABASH, WHICH HERETOFORE HAS PROVED PRACTICALLY INACCESSIBLE.

CRUTCHNITT'S TOUR. NOT CONNECTED WITH DEPOT. [BY THE ASSOCIATED PRESS—P.M.] SAN FRANCISCO, July 20.—Julius Krutchnitt, director of operation and maintenance of way of the Harriman line, arrived here today from New York. PRESIDENT IN G.A.R.

NEW YORK, July 20.—The President, it was announced today, has been elected an honorary member of the Associated Society of Parisworth Post, No. 178, G.A.R., of Mt. Vernon. A committee will visit the President at Oyster Bay some time next week and present him with a badge of his honorary membership of the post. In order to elect the President, Farnsworth Post had to amend its bylaws. Some time ago the President expressed regret that he was not eligible to membership in the Grand Army.

WROUGHT FIRE WITH BUCKETS.
The fire in the building of the Pacific Electric Railway, which broke out last night, was extinguished by the use of buckets. The fire was caused by a short circuit in the wiring. The building was a two-story structure, and the fire spread rapidly. The firemen were unable to reach the building in time, and the fire was extinguished by the use of buckets. Excursion Conductor a Suicide.
SEATTLE, July 20.—George A. Simmonds, one of the personal conductors of the Puget Sound Navigation Company, committed suicide today by shooting himself in the head while standing on the deck of the ship. The ship was carrying a party of about 100 persons. The conductor was carrying a party of about 100 persons. The conductor was carrying a party of about 100 persons.

They Won't Pay Cent on Dollar.
OAKLAND, July 20.—Manager Mulholland of the Commercial Union, the Alliance and the Pacific Insurance companies this afternoon denied that there is any truth in the report that those companies are contemplating the payment of San Francisco fire claims held against them on a basis of 75 cents on the dollar. He says that the earthquake clauses in their policies render them immune from loss, and that they will not be disregarded.

Merchants Exchange Learns Its Loss.
SAN FRANCISCO, July 20.—At the annual meeting of the Merchants' Exchange yesterday afternoon, the directors were elected to serve for the ensuing year. The retiring president, John A. Hooper, in his report, stated that it would cost \$75,000 to rebuild the building and repair the damage done by the fire. The total insurance recoverable is \$100,000.

Traction Company Changes Hands.
SANTA CRUZ, July 20.—The Union Traction Company has passed into the hands of John Martin and associates, who are now in control of the electric light and gas company of Santa Cruz. The company has been operating since 1904, and has a capital of \$100,000. The company has been operating since 1904, and has a capital of \$100,000.

Liquor for Refugees Disappears.
SAN FRANCISCO, July 20.—Nine wagon loads of choice liquor sent for the relief of San Francisco have gone astray. They left the Presidio during the first week of June for the storehouse of the Board of Health in Jefferson Square. The liquor was last seen at the Presidio. Two drayloads, it is admitted, disappeared between the Presidio and the storehouse. Military and relief authorities are investigating.

Drowned Trying to Save Stores.
SAN FRANCISCO, July 20.—The schooner Catalina, arriving today from the coast, brings the story of the drowning of three men at Company Harbor. The cod-fishing schooner Marion, from this city, was wrecked there last April. Her hull lay some distance outside the breakers. Two white men and an Indian went out in a dory to save some of the stores. On the way back, one of the white men and the Indian were drowned by the capsizing of the boat. The other man, Nugent, succeeded in reaching shore, but died a few hours later.

THAW ANXIOUS FOR HIS PAPERS.
FORMER ATTORNEY RETAINS SOME LETTERS.
Lawyer Olcott is given until Monday to decide on relinquishing possession—Mrs. Harry Thaw is knocked down on her way to the jail by too anxious on-looker.

AT NEW YORK HOTELS.
NEW YORK, July 20.—When Mrs. Harry Thaw appeared at the Tombs prison today and made her daily dash through a lane in a crowd of curious persons one man in the crowd pushed forward so roughly that he bumped against Mrs. Thaw, and she was knocked down. She was not injured and continued on her visit to her husband after which she went to the offices of Mr. Harbridge, her attorney.

ENGAGE INSANITY EXPERT.
ALLENTOWN (Pa.) July 20.—In view of his extensive studies on the subject of emotional insanity, former Dist. Atty. Edwin H. Lichtenwalder has been engaged by former Judge Olcott, attorney for Harry Thaw's family, to assist in the defense of Thaw. Mr. Lichtenwalder said yesterday that he had received a letter from Judge Olcott asking him to go to New York Saturday with the briefs which he prepared for the defense of James H. Wilson, whom Lichtenwalder saved from the gallows a year ago when he was on trial for the murder of John H. Ebert, an aged baker.

DESK SARGEANT AS JUDGE.
In a fight with Jack O'Connor of No. 232 South Main street last night, R. Shurley, proprietor of the messenger company at No. 119 Center Place, was struck on the head with a dull instrument and sustained a deep wound. Shurley told the police he started the fight with O'Connor, and afterwards admitted that he was in the charge of disturbing the peace. The desk sergeant considered that both men were equally guilty, and dismissed the matter.

HURT BY FALL FROM CAR.
In attempting to alight from a West Seventh-street car about 7:30 o'clock last evening, J. McCarthy of No. 115 East Twenty-third street lost his footing and fell to the pavement. He was removed to the Receiving Hospital, where it was found that he was cut over the left eye and bruised about the body.

FEAR UPRISING BY MEXICANS.

FOREIGNERS WARNED TO LEAVE THE COUNTRY.
Laborers Will Strike for Wages Equal to Those Paid Other Workmen and Refusal Will Mean General Demonstration Against All Other Classes on Their Fiesta Day.

BY DIRECT WIRE TO THE TIMES.
LAREDO (Tex.) July 20.—[Exclusive Dispatch.] Americans are hastening across the border, fearing to remain in Mexico under present critical conditions.

With strikes, riots and hasty assembling of guns, there is sinister threat to rid the country of all hated gringos on Mexican Independence Day, September 16.

There are other Americans, however, who will remain. At Col. Greene's mines, and other concentration points, machine guns, supplies and ammunition have been assembled.

Labor agitators from the United States are said to be responsible for the uprising.

There are threats against Americans, circulated about the streets, and posted in the public places warning gringos to leave the country or suffer the consequences.

These consequences are that every American found in the republic after September 16 will be "driven into the sea."

A great strike of all laboring classes is proclaimed for September 16. The entire laboring element is thoroughly organized and secret meetings are being held nightly.

Laborers have demanded wages equal to that paid to Americans and as this has been refused, the Mexican laborers propose to drive his gringo rival from the country.

Admiral Endicott Found Sanitation Wonderful.

BY THE ASSOCIATED PRESS—A.M.
WASHINGTON, July 29.—The Bureau of Insular Affairs has received the following cablegram from the Governor-General of the Philippine Islands: Macario Sakay and Francisco Carmon, self-styled President and Vice-president of the Philippine Republic, on Villafruite. Huetanien-general, infighting ladrones heretofore infesting Iloilo and Laguna; Gen. Julian Montalan Bana Devas, and Benito Natividad, a former leader of the Philippine Revolution, and are in custody at Manila. Absolutely no promises authorized or made, except fair trial.

Greatest credit due Harry H. Randall for his foresight in anticipating this very difficult matter. Rejected Dominador Gomez, but no promises as his litigation have been settled.

In Cebu, Gov. Osmeña, by the latest effort and self-sacrifice, has secured the release of all remaining leaders and all prisoners.

Expect complete peace now through-

The question has been raised as to whether the decision affects work on naval vessels in private yards. The contractors insist the law does not operate outside of a government reservation, and that the ship is their own property until it is turned over to the government.

The Navy Department officials appear to believe that as the government pays installation costs for the ships as the work progresses upon them, it is the actual owner of the vessels. This matter is so important, that a test case is certain to follow.

W. W. Rose, mayor of Kansas City, Minn.; Vernon J. Rose, chief of police; and John F. Kelly, captain of police of that city, were cited to appear before the state supreme court to show cause why they should not be removed for contempt in violation of the court's order prohibiting the city exact revenues from the saloons.

The agreement of the attorneys in the case was that the city of Minneapolis, Des Moines Street Railway Company and A. M. Hadler, manager of the Minneapolis Police Department, be secured until August 6. The men accused of offering bribes to Alderman J. S. Hamery to secure his vote for a franchise to a franchise to Hauenboech, an aged sign painter in Minneapolis, received a telegram in-

BAREFOOT BOY BURGLAR FLEES.

PATROLMAN SURPRISES YOUNG
THIEF IN PRODUCE STORE.

Lead Escapes Capture After Break-
ing Open Cash Register With a
Hammer—Sight of Officer at Front
Door Causes Him to Run Away
Without Any Loot.

A barefooted burglar in the person of
a small boy was discovered at 2:30
o'clock last night in the wholesale
produce store of A. B. Lettunich at No.
11 East Third street by Patrolman
Joe Murray of the Merchants' Fire
Dispatch. Murray was making his
rounds as usual and when he tried the
front door to the store he noticed a
Panama hat showing above one of the
decks in the office. The hat attracted
his attention for a moment and as he
looked it over he saw a small boy.

At the same time Murray thought he
heard a hammer strike somewhere in
the store. Climbing on a box which
stood near one of the front windows of
the place, the patrolman looked
through. A light was burning in the
office and this enabled Murray to see
what was going on inside. What he
saw surprised him, for a small boy
stood in front of the till holding a
hammer in one hand and just reaching
into the money drawer with the other.
The little thief looked up and seeing
the uniformed man at the window,
jumped back so quickly that he
strewn money from the till all over
the floor. His hammer dropped from
his hand as he ran through the office
door and started for the rear of the
store.

Murray tried to head him off, but
he had to run to the corner of Alameda
and Third streets, about 200 feet
away, and thence to an alley running
between Second and Third streets. The
boy fled through the back of the
store and out the alley into Alameda
street. Several freight trains
stood on the Southern Pacific tracks
on Alameda street and the boy man-
aged to make his escape by dodging
behind cars until the officer lost sight
of him in the darkness.

An investigation showed that the
youthful burglar had tried to open the
rear doors of the store, which are
opened like a window sash. He raised
the door about eighteen inches and
then crawled under and made his way
to the office. The cash register in the
place is one of the wooden kind. The
boy evidently had been watching the
place and knew this. With his hammer
he broke in the top of the register and
thus gained the cash drawer.

There was about \$10 in the machine
when the store was closed for the day
and a count of the coin on the floor
showed that the boy had not carried
away any money in his hurried escape.
Murray got a good look at the lad
and says he would recognize him if he
saw him again. He described the boy
as being about 12 years of age and
says he was barefooted and wore a
Panama hat. It is thought the juvenile
burglar belongs to the gang of youth-
ful lawbreakers who have been caus-
ing so much trouble in the vicinity of
East Third and Alameda
streets. The police believe that the
boy burglar will be captured within a
day or two.

IS K. O. KNUDSEN ANOTHER HOCH?

WEALTHY PULLMAN CONTRAC-
TOR UNDER SUSPICION.

Sister of His Dead Wife Makes
Charges Which Cause the Coroner
to Have the Body Exhumed—Beau-
tiful Young Housekeeper and a
Nurse Also Figure.

(BY DIRECT WIRE TO THE TIMES.)

CHICAGO, July 20.—[Exclusive Dis-
patch.] Is K. O. Knudsen another
Johann Hoch? That is the question
the police are trying to solve, and they
believe evidence has been received
which probably will lead to the arrest
of Knudsen, a wealthy West Pullman
contractor, for the murder of his wife,
Mrs. Johanna A. Knudsen.

The charges that led the police to
investigate the mysterious death of
Mrs. Knudsen were made by Mrs.
Charles Wieser of West Pullman, sister
of the dead woman. In order there-
after to probe the charges, Coroner
Hoffman ordered the body of Mrs.
Knudsen exhumed, and Dr. Walter S.
Haines of Rush Medical College was
requested to make an examination for
traces of poison.

Miss Agnes Cymat, a beautiful girl,
about 18 years old, who is at present
serving house for Knudsen, has been
brought into the case by Mrs. Wieser,
who declares Knudsen stated his in-
tention of marrying his young house-
keeper. Miss Cymat denied this report,
and in answer to the charge that
Knudsen had made no attempt to save
his wife's life, when she was ill, the
housekeeper made a statement that
may lead to more serious charges be-
ing made against Knudsen.

"Mr. Knudsen had a nurse to care for
his wife during her illness," said Miss
Cymat. Her name was Miss Hart,
and after she came to care for Mrs.
Knudsen, she was taken ill. A week
later she died. Mr. Knudsen said she
had taken too much medicine, or the
wrong kind of medicine."

HELD FOR ATROCIOUS DEED.

MEXICAN CAPTURED IN BISBEE.

(BY DIRECT WIRE TO THE TIMES.)

BISBEE, July 20.—[Exclusive Dis-
patch.] Francisco Quintana, a Mexican,
was arrested yesterday by Deputy
George Hunt, Lieut. Wheeler and
Sergeant Hopkins of the Arizona
rangers, charged with murdering his
father-in-law in the village of Agua
Fria, opposite Douglas, Tuesday
morning.

The victim was horribly mutilated,
his bowels being cut out and throat
cut from ear to ear.

The prisoner was identified by a
Mexican official.

The crime was the most atrocious
which has occurred on the border
since the Apache Indian days, and no
motive is advanced for committing
the deed.

the Sixth Ward.

Howton and his conquering hordes of
Public Ownership. Leaguers placed
the original charter of the Sixth
Ward branch to the American flag
last night, planting the banners in the
new hall at Fourteenth street and
Central avenue.

Thirty new members were enrolled
in the howling wing of the organiza-
tion, which has thrown out Hay, Fen-
nessy and other rabid laborites, and at
last night's meeting things assumed
a normal condition in this branch of
the camp that has known so much
trouble in the last few weeks.

League, has been delegated to appear
before the central organization to
learn what is to be done with the
Hay-Fennessy renegades, who con-
tinue to hold meetings at a hall at
Adams street and Central avenue. The
central body is said to have declared
that the charter captured by Howton
and his followers at the melee a few
weeks ago has been "lost," and to
have issued a duplicate to the laborite
crowd. The display of the real char-
ter last night was made to offset this
claim.

Before the breach is healed between
the warring elements it probably will
be much wider, and there yet is a pos-
sibility of a merry war.

SEIZE MEAT UNFIT TO EAT.

German Agrarians Making Most of the
Exposure of Chicago Packing-
house Methods.

(BY THE ASSOCIATED PRESS—A.M.)

BERLIN, July 20.—As the result of
inquiries instituted owing to the re-
port that the German government had
decided to enforce such stringent laws
against American canned products as
to virtually exclude them, it is learned
that several recent seizures of meats
unfit for food made at customs houses
on the Russian frontier caused in-
quiries to be made by the customs au-
thorities and the Prussian Ministry of
Agriculture regarding the system of
inspection.

Most of the things said against
American meats have been widely
published in Germany, and practically
used by the agrarians to strengthen
the idea that no meat except that
which is German raised and slaugh-
tered is fit to eat.

CORTELYOU ON POSTAGE.

NEW YORK, July 20.—A special to
the Herald from Halifax, N. S., says
George B. Cortelyou, Postmaster-Gen-
eral of the United States, is in Hal-
ifax with his family on a vacation trip.
Cortelyou said he did not wish to ex-
press any opinion on the question of
a 2-cent letter rate between the United
States and England, but he thought it
not unlikely that such an arrange-
ment will be effected.

NOTORIOUS SHIP IS SOLD.

VICTORIA (B. C.) July 20.—The
sailing schooner Aspington, of Garman-
city, made notorious because of the il-
licit sealing cruises in Bering Sea of
Capt. Alexander McLean, was sold to-
day to George W. Bernier of Califor-
nia, representing a Mexican guano
company. The price paid was \$300.
The schooner is without flag or coun-
try, her Mexican registry having been
canceled because of the seal-poaching
crimes. The vessel will be taken to
Mexico, and her owners expect to se-
cure a Mexican registry.

Colvin B. Brown, formerly secretary
of the Stockton Chamber of Com-
merce, will be sent to New York by
the California Promotion Committee,
to have charge of the branch office to
be established August 1.

Found on The Skin

Phosphate
Direct from the
Brain.

We know that active brain work
throws out the phosphate of potash,
for this product is found on the skin
after excessive brain work, therefore,
brain workers, in order to keep well,
must have proper food containing
phosphate of potash to quickly and
surely rebuild the used-up tissue.
That one can obtain such food has
been proven in thousands of cases
among users of Postum Food Coffee
and Grape-Nuts.

Both contain phosphate of potash in
minute particles, just as it is fur-
nished by nature in the grains.

This product makes from albumen
the gray matter that builds the brain
and fills the nerve centers.

In no way can this gray matter be
made except by the action of phos-
phate of potash upon albumen, and
this mineral should be introduced to
the body just as it comes from na-
ture's laboratory, and not from the
drug store. The system is more or less
fatigued about taking up the needed
elements, and, as might be suspected,
it will favor the products of Mother
Nature rather than the products of
the drug shop, however valuable they
may be for certain uses.

Athletes, lawyers, journalists, doc-
tors, ministers, business men and
others who earn their living by the
use of the brain, are using both Post-
um Food Coffee and Grape-Nuts food.
Both products are manufactured for a
reason. They were originated by an
expert, and the regenerative value of
both the Postum Coffee and the Food
has been demonstrated beyond ques-
tion. All first-class grocers sell both
Postum and Grape-Nuts, and the Post-
um Cereal Co. Ltd., manufacture
them at the Battle Creek factories.

GOING FROM BAD TO WORSE
Even if the crisis is passed with-
out a cure to the government, the
work and in the end the govern-
ment will be forced to disperse Parliam-
ent at the risk of the bayonet as its role
as a "between the government and
a revolution is rapidly disappearing."

The House and three other news-
papers of this city were confiscated today
after the House today a pro-
visional government was proclaimed, but the
government would dare to attempt
a dissolution of Parliament.

At the closing of the session of the
lower house the address of the publi-
cist, President Mourmout last night
declared that the government was allowed
to meet in a quorum, was allowed to
meet until Monday.

OFFICIALS HELD GUILTY.
Without debate the House today
adopted a resolution on the subject
of the Haymarket massacre, demanding the
release of military and police offi-
cers involved, irrespective of rank.
The resolution, which constitutes a
general government, without the neces-
sary of the secret propaganda in-
cluding class against class, says:
"Realizing its powerlessness to sup-
press the revolutionary movement, the
government attempts to suppress it by
suspect the other, especially selecting
the Jews for victims."

The resolution concludes with an
expression of distrust of the govern-
ment and a demand for its resigna-
tion.

of the Roca today explained that its
information regarding the possibility
of Austria-German intervention in
Spain in the event of a revolution was
an official but was based on articles
on the subject published in the foreign
press.

SAN PEDRO CITY HALL.

SAN PEDRO, July 26.—The City Trustees will meet in special session tonight at the City hall and will select and adopt plans for the new \$40,000 City Hall from among those presented by the four competitors. Each architect will be given a hearing and an opportunity to explain his drawings.

Plans have been submitted by the following architects: J. M. Saffell of San Pedro; O. E. Goodale of Los Angeles; H. Ridgeway of Long Beach and F. E. Allen of Pasadena. The last-named prepared the plans for the new \$40,000 High School recently completed on Thirteenth street. He stated before the meeting of the board on Tuesday night that he considered the plans he has just prepared for the City Hall the best he has made in an experience of twenty years.

The plans prepared by Architect Ridgeway are elaborate. They represent a building of the mission type, with tiled roof and mission tower. It is a two-story structure, with a long frontage on Beacon street.

The plans presented by O. E. Goodale of Los Angeles call for a two-story structure, while those of J. M. Saffell, the local architect, provide for a three-story building. The latter plans are of the Italian style of architecture.

Parquhar Funeral.

The funeral of Richard H. Parquhar, formerly a newspaper man of this city, will be conducted this morning at 11:30 at Orr & Hines' undertaking parlor near Tenth and Flower streets. The interment will be private.

St. Louis Man Dies Here.

Henry M. Knox, for many years the chief clerk of the Missouri Trust Company of St. Louis, died yesterday at No. 3310 Pasadena avenue. His age was 64. He leaves a widow and one daughter, also five sons in business in Los Angeles. The funeral will be Sunday afternoon at the house.

Valley of Thousand Lots.

The subdivision of more than 1000 lots had been completed in Eagle Rock valley as a result of the new line of the Los Angeles Railway Company, which, it is said, will be ready for operation within thirty days. Enough property will be placed on the market to accommodate 5000 people. The lots range in size from 50x100 to 100x175, and on many of them building restrictions are placed.

Money Order Forgery Charged.

Frank E. Burt of Douglas, Ariz., was yesterday held in \$200 bail by United States Commissioner John Doyle on a charge of having a forged postal money order in his possession. Burt was arrested in Douglas by Postoffice Inspector J. H. C. Nelson. The allegation is made that a money order was sent from Laredo, Tex., to El Paso, and was payable to E. F. Burt. This order is said to have been used to obtain a forged note from Frank E. Burt.

Seller Charged With Insubordination.

M. Durand, acting French Consular Agent in Los Angeles, yesterday petitioned the Federal court to cause the arrest of a French sailor named Alexandre Pierre Marie Le Guen, who is charged with insubordination on board the French sailing boat Ville de Moulins while in port at Los Angeles. The sailor was taken before United States Commissioner Williams, and after examination was turned over to the Acting Consular Agent for transportation back to France.

Friendless Girl Dies.

The police were notified last night of the death of Miss Emma Owens, a recent graduate of Mills College, Alameda county, who was asked to notify the only friends she was known to have. These are Mrs. Ruth McCann and Mrs. M. M. McCann of 235 Toluca street, San Francisco. Miss Owens was for some time in the care of a sanatorium at No. 149 East Avenue Fifty-nine, her troubles having been consumptive. The body has been removed to Sharp's undertaking establishment.

Herbert S. Hadley, Attorney-General of Missouri, who has been spending the last two days in Los Angeles and vicinity, will leave this morning for Pacific Grove, where he will deliver a lecture at the Chautauque held at that place. Mr. Hadley will return, however, to Los Angeles soon, and pass about a week here, and will be in California with a party of friends. His private secretary, Mr. Blake, will remain at the Alexandria awaiting Mr. Hadley's return.

The Hearst Methods.

[From the Seattle Post-Intelligencer.] The able and experienced Washington correspondent of the Philadelphia Ledger, an independent Democratic newspaper, sends to his newspaper an analysis of Hearst's career and methods in politics, which is worthy of some little consideration. The writer calls attention to the fact that Hearst has made an utter failure to produce any effect on Congress whatever, despite the fact that he has given as much attention to Congress as any other subject and that in Washington, after three years of constant effort, his success is about equal to what it would have been had he spent that time beating with his bare hands on a brick wall. He went to Congress in 1903 and applied Hearst methods to get a following, and in the first Congress did have six or seven members behind him. In the session just closed, there were not more than two men and they were obscure and without influence.

When he went to Congress, Hearst demanded a place on the Ways and Means Committee, while the Washington Ledger correspondent says, preposterous. He insisted that John Sharp Williams, the Democratic leader, should place him on that committee, and because he did not do so, from that day to this the batteries of political assassination have been loose on Williams, who, personally, is a clean man in private life, and the Hearst scoundrels could produce no effect against him. Again, when Congressman Sullivan of Massachusetts criticized Hearst's public record, Hearst did not defend his political record, but charged that Sullivan, when a boy, had committed murder. It made no difference to Hearst that the trouble was that Sullivan, a mere boy, had merely come to the assistance of his father, who was struggling with a drunken ruffian, and that the proceeding against Sullivan was dropped on motion of the prosecuting attorney. Hearst's latest victim was Senator Bailey of Texas who was criticized because he would not lend himself to the Hearst presidential boom, and it will be remembered that Senator Bailey said that Hearst had been at work in Houston to New York, coming back by way of Kentucky, investigating every phase of his life, public and private.

The result of all this was that Hearst charged Bailey with being a corporation tool, particularly a tool of the Standard Oil Company. A contentment which, as the Ledger correspondent says, in Washington, where Bailey's record is as well known as that of any other member, merely excited laughter and wonder.

It is to the credit of the intelligence and character of Congress that its members have not treated Hearst seriously. It is true that in New York he has made himself a person of importance and influence in public affairs. The Ledger correspondent truthfully points out, but the frothing and unsubstantial element of a city easily blown about by a demagogue and that is all that Hearst is, and a vicious demagogue at that.

BURGARS BREAK FURNITURE.

Masked Chinese Robbers Steal Girl's Valuables and Destroy Household Goods.

Masked Chinese broke into the home of Quoy Yo, a Chinese girl at No. 205 China alley, about 7:30 o'clock last evening, and after robbing her of her valuables, broke up several pieces of furniture. Miss Yo was so badly frightened that she did not move from the place until nearly an hour after the visit of the burglars. Then the girl dashed to the home of a friend near by and called the police.

An investigation showed that the masked thieves had taken two diamond rings and other jewelry, valued at \$200. Furniture worth the same amount was broken. The police say it is the first crime of the kind; furniture breaking by burglars, that has been committed by the local Chinese in the history of the department. Detectives have been detailed on the case.

WOMAN INJURED BY CAR.

Mrs. Alice Pratt of No. 118 South Fremont avenue, was thrown by the pavement at First and Spring streets about 5:30 o'clock last evening, by a west-bound West Ninth street car, No. 217. The car struck the woman a glancing blow and did not injure her severely. She took a cab to the receiving hospital, where it was found that she had sustained only slight bruises.

BOY FACES GRAVE CHARGE.

Donald Millett, a 15-year-old elevator boy at the Hotel Ohio was arrested yesterday on the charge of stealing a money order for \$100 from James C. Pancoast. Millett claims that he had nothing to do with the theft.

Golf Play Today.

The programme at the Los Angeles Country Club this afternoon will be a week-end handicap medal play and about thirty entries are promised. It is possible that today will witness the last play over the present course for it is said that next week the hole will be moved over farther in the flat and the first hole done away with, in order to make room for the polo field. To make up for the loss of the first hole, a new one will be made between fourth and fifteen, the present distance being 500 yards, with a bogey of six strokes. The new hole will be No. 14 and consequently under the new arrangement each hole up to 14 will be "1 down" on its present number.

NASAL KNOCKS IN REBUTTAL.

Spicy Allegations Made by Stretcher Magnate.

Chicagoan Says Wife Hit Him and He Left.

She Follows and Asks Court for Bank Account.

A "Titan-haired goddess" has batted the former treasurer of the Curtis Stretcher Trust upon the nose twice in the same place, and the resulting discord between the two is jangling in the local courts.

Mrs. Anna Elita Mayr, one time of Chicago and Silver Lake, but now of Los Angeles, and her husband, Walter Albert Mayr, ex-treasurer of the Curtis Stretcher Trust of Chicago, now also of this city, are the principals.

Mr. Mayr arrived in Los Angeles about five months before the arrival of Mrs. Mayr. She says her husband hid himself to these times to hide from her; he vows it is not so, but that he came here for his health after the afore said bat upon his nose.

Mrs. Mayr now sues her husband for separate maintenance, asking the modest sum of \$200 a month, to live upon; \$100 for costs in the suit; \$1000 for attorneys' fees, and \$700 for bills she has incurred.

She entered the action in the Superior Court about three weeks ago, immediately after her arrival here. The answer of the husband has also been filed, and the allegations he makes casts those of Mrs. Mayr into a deep shadow. The case came up yesterday and was continued.

PAINFUL NASAL TREATMENT.
Among many other allegations as to the actions of Mrs. Mayr, the husband says she struck him upon the nose and hurt him. After that he left Chicago and came to Los Angeles.

Mrs. Mayr is making her home with relatives on Flower street and Mr. Mayr is putting up at the Lexington Hotel on Sixth street near Westlake Park.

The husband came to California in April and sojourned for a time in Redlands, later coming to this city. Mrs. Mayr claims that she heard of her husband's presence in Los Angeles through a friend and that she came on immediately after having spent the intervening time since April in searching for him.

In the action brought by Mrs. Mayr she also includes the Southern California Savings Bank, in which it is alleged, Mayr keeps his money. She wants the bank enjoined from giving any of the funds back to Mayr.

The Mayrs were married in 1884, in a small Illinois town when the fortune of Mayr was not as large as it now is. A son, who was born in 1890, is now a well-to-do man.

Things went unhappily with the Mayrs, according to the allegations of both parties. Incompatibility of temperament is about as light as it can be put.

Mr. Mayr says in his statement that he was compelled to go on the road traveling and leave Mrs. Mayr alone a great portion of the time. Then Mrs. Mayr became interested in dramatics, her husband says, and she spent a goodly portion of his money satisfying this craving.

In 1905, Mayr says, the wife went with a dramatic outfit, which was stranded in South Dakota and he had to bring her home.

In connection with a sojourn in Silver Lake, S. D., Mayr claims his wife played fast and loose with another man and that after a long walk the couple were caught in a storm and took shelter in a cavern.

He says this action caused talk, but his wife still associated with the unknown. He tells in his allegations of how the proprietor of a hotel played eavesdropper to a meeting between his wife and her companion in a boat-house.

The most serious charge that the husband makes against his wife is that, he regrets, he cannot positively claim to be the father of her son. He says that his wife desired a separation from him and discussed her friendships with other men to irritate him. He says she at one time demanded \$25,000 and a separation from him, which he refused.

SHE GOES INTO TRAINING.
Mayr says his wife is much more robust than he and that she studied gymnastics and was proficient in some departments of the training she received. He said that his wife at one time tied the hands of their son while the boy was in bed because the lad sucked his thumb.

It was at this juncture that the blow fell. He remonstrated with her and she swatted him on the nose, so great was her gymnastic training.

These and divers other things, such as being a spendthrift and an adherent to Theosophy, form the basis for Mayr's claim that he could not longer live with his better half. He says that he tried to get her to come to California with him and take a ticket and the necessary cash to reach Los Angeles, but she refused to accept them.

Mayr characterizes his wife's actions in following him to California as those of an adventuress, and he said she wanted money but had not the means to earn it. He said that she had been a great drawback to his life.

Mrs. Mayr, who is a handsome woman with a wealth of auburn hair, says her husband absolutely deserted her and endeavored in every manner possible to keep his whereabouts a secret.

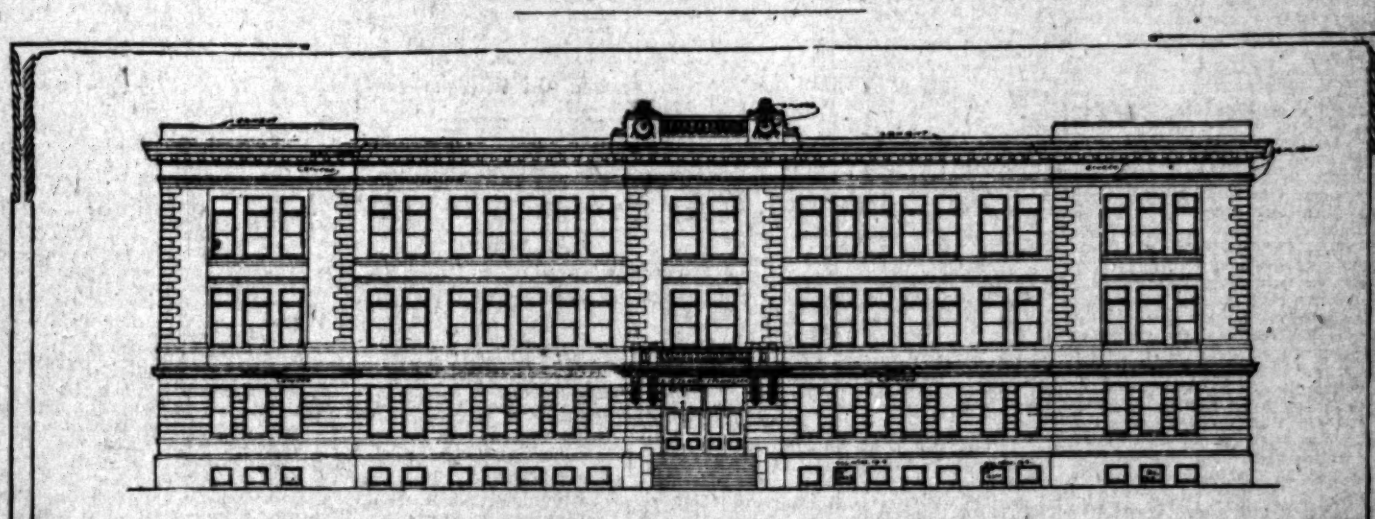

She denies his allegations as to her spendthrift habits and says she was always a dutiful wife, with home instincts. She says that the early part of this year Mayr converted all of his property into cash and disappeared from Chicago without telling her where he was going.

She says that instead of her hitting her leg on the nose he often beat her and treated her real mean. She says he caused to be published in the Chicago papers that he would not be longer responsible for her bills and the cash where they had taken their meals was closed to her owing to her husband telling the proprietor he would not pay the bills.

Then, without a word, he disappeared, she avers, and left herself and child most destitute. She claims that all she wants is sufficient money to eke out on existence and pay for the proper education of the child.

EVANGELIST TAKES OUTING.
Dr. E. J. Bulein, the evangelist of Long Beach, left last evening for a hunting trip in the northern part of the state. He is accompanied by his son, and they will be gone several months. The health of Dr. Bulein has been poor for some months, and he will seek to regain robustness in the balsamic air of mountain forests.

EIGHTY-THOUSAND-DOLLAR SCIENCE HALL AMONG CITY'S MANY NEW SCHOOLHOUSES.

WORK on the five large school buildings, and on a half a score of additions and smaller structures to be built this summer by the Board of Education, has been begun. By the opening of school in September Los Angeles will have 140 additional schoolrooms. Foundations for the five larger buildings are laid, and work will be rushed forward as quickly as possible. The style of architecture is pleasing though quite plain, and with the exception of Doric columns and English half-timbered gables the exterior of the structures will have few decorations. Every provision for room and comfort is made. A special feature will be the playrooms for the boys and the girls.

The handsomest structure will be the Science Hall for the Los Angeles High School, to stand on a site near the corner of Hill and Rock streets, not far from the big red schoolhouse. Dennis & Farwell have the plans and specifications for the hall, which will be three stories.

The exterior walls will be faced with red pressed brick laid in mortar of the same color. The water table, sills and belt courses will be of stone, the whole to be finished with galvanized iron cornices.

The physics laboratories, the A and B class recitation rooms, work rooms, teachers' rooms and laboratories will be on the first floor. There will be an assembly room 50x55 feet with a gallery, the two having a seating capacity of 1200.

The drawing departments, with four rooms, the five class rooms for the seniors, the teachers' laboratory, two cloak rooms, and the gallery of the assembly hall will be on the second floor. The zoological laboratory, with its work and recitation rooms, the chemical laboratory supply and instrument rooms, will be on the third floor. There will be a drinking fountain on each floor.

The walls are to be of extra thickness, well tied together with steel beams. The plenum system will be used in the heating and ventilating. Care has been taken in drawing the plans to secure all the light possible for each room. The building will be 115x125 feet, frame, and of Colonial style. The cost is to be \$28,000.

Another eleven-room building will go up on Montana street, 134x125 feet. There will be five class rooms on the first floor, a principal's room, wide corridor with drinking fountain. Cement steps will approach the vestibule.

Architect Theodore Egan also has plans for an eleven-room building at Seventeenth street and Magnolia avenue, which will cost \$22,000. English half-timbered plastered gables will be a feature of the exterior. There will be a gymnasium in the basement. On the first floor will be five class rooms, a principal's room, and an emergency room to be used as a hospital in case of sudden illness. There will be six class rooms upstairs, and special provision will be made for heating and ventilation.

An eight-room schoolhouse to be built in the vicinity of Cypress and Pepper streets, near the old Jeffries homestead on the East Side, has no site. The board will decide this morning just where the building will stand. And there are many others to go up.

HER HUSBAND GONE, SO IS HER MONEY.

TOTEM BLUFF IS PUMPED UP.
LABORITES SEEK TO BULLDOZE THE CANDIDATES.

Impudently Demand Use of Badge of Servitude—Only Timid Head Empty Threats—Union Gang Trying to Make Business for Small Office, About Only One They Control.

Arrogant union laborites have begun their old tactics of pestering candidates for office, threatening them with loss of the "labor vote" if they do not bow their neck to the yoke of the totem.

Hay, Fennessy and a handful of the laborites who have led their own followers to utter defeat in efforts to coerce employers, now attempt to dictate who shall seek nomination by any party, and what he shall and shall not do in conducting his campaign.

Candidates who have had the effrontery to have cards and other literature printed where they saw fit, regardless of the union label badge of servitude, have been approached in their offices and on the streets by laborite bosses, and actually commanded to throw away all printed matter that does not bear the totem and to obtain a new supply in a closed shop that marks its output with the "red-bug" imprint of the Typographical Union.

FEW CHICKEN LIVERS.
To the credit of the candidates, it is said that but few among them have been found with chicken livers. For one thing, they have very excellent excuse that there is hardly a union office in Los Angeles where their printing can be done.

One reason for the activity of the blustering laborites is the fact that they have one small office that they are trying to keep alive by blackmailing weak-kneed brothers into patronizing it. Such profits as may be obtained from this concern find their way into the pockets of the Hay-Fennessy gang.

Numerous candidates who have distributed their cards around the city have received calls from the union pirates. These fellows have told the office seekers that they must put the imprint of the union on every card and other piece of campaign matter, or face defeat in the convention, whether it be Republican or Democrat.

In many instances such literature is returned to the candidate with the laborite ultimatum stamped upon it. "Be a patron of union shops or suffer political death" is the pompous command of the bushwhackers, who pretend to have some power in the naming or election of seekers of public office.

It is up to the candidate now to knuckle down to the totemites in fear or to stand by his manhood and to die exactly as he pleases in the distribution of his patronage.

NOTHING BUT WIND.
Trucking to the laborites, he has no assurance of any support in the convention or anywhere else. He well knows, or ought to know, that the totemite braggadoocio is built solely on bluff. If every candidate had a "bed-bug" on his literature, not one would have a better chance than any other, principally for the reason that there is no influence in the union ranks that either could harm or help him.

The entire union-labor roster of voters is but a small fraction of the voting strength of the city, while, as

compared with the total county vote, it is a bagatelle. The totemites in Los Angeles are split now in their efforts to control the remnants of their following, with the breach widening daily. There is not a union boss or clique that can "deliver" the vote.

On the other hand, the candidate faces a serious situation if he permits himself to be bulldozed into using the totem badge. There are hundreds of independent employers and a vast majority of liberty-loving voters who resent the appearance of the mark of servitude and who will take particular pains to remember the candidates who display their weakness by knuckling down to the handful of self-appointed dictators, who have no further intention than to flim-flam the wobbly ones into a weak and abject servitude that never will have and never can have any reward; simply stamping the victim as a blithering coward.

MR. AND MRS. ROBERT C. TOWERS.
Towers is gone, and the wife complains to the police that he embezzled \$2100 of her money.

MRS. AUGUSTINA TOWERS of No. 28 South Figueroa street, applied to the police last evening to arrest Robert C. Towers, her absent husband, charging that he embezzled \$2100 belonging to her.

Towers sold a restaurant at No. 523 South Broadway June 25 and disappeared with the money. His wife claims it belonged to her.

For days after the transaction Mrs. Towers knew nothing of it, she says, and after searching for Towers, she was prostrated by grief for a time over his absence. Finally friends inquired into the woman's troubles and advised her to make an investigation. Then she found out. She communicated with the Hibernian Bank of San Francisco and found that some one had drawn money deposited by her.

On the advice of the police Mrs. Towers will today apply to Deputy Dist. Atty. Keyes for an embezzlement complaint against her husband, but it is feared there is little chance to apprehend Towers.

Towers and the woman met in San Francisco under peculiar circumstances a year and a half ago. She was a prosperous dressmaker and had made considerable money. After six months they were married and came to Los Angeles. For a time Towers looked for employment, but said he could not find anything suitable. At last he asked his wife to loan him \$700 to invest in a cigar stand at No. 338 South Main street. The deal was closed, Mrs. Towers holding the place in her name. Recently Towers told his wife that
